# Computational Thinking and Learning Initiative

NetsBlox

VANDERBILT DIGITAL NIGHTS

Vanderbilt Digital Nights is a series of free hands-on workshops organized by the Computational Thinking and Learning Initiative (CTLI) at Vanderbilt where participants create fun computer programs. The event is targeted at high school students who want to explore what computer science is all about. Interested teachers and parents are also welcome.

INAUGURAL EVENT: Build a Weather App

WHEN: Thursday, November 19, 4-6pm (CST)

WHERE: In cyberspace (via Zoom)

REQUIRED: A computer with a Chrome browser

REGISTER: https://cps-vo.org/group/ vanderbilt-digital-nights-2020/registration

QUESTIONS: Email vdn@vanderbilt.edu

Registration and a parent's approval are required to participate.
